

## **Full-Time Position, Phoenix, Arizona**

**The salary range is dependent on level and qualifications – Level II: \$56,273 - \$84,410; Level III \$65,144-\$97,716**

### **About MAG**

The Maricopa Association of Governments (MAG) is a group of local governments working together on issues that touch the lives of every resident. We are a regional planning agency that develops solutions in areas such as transportation, air quality, economic development, and programs that meet the human needs of the region.

### **The Position**

MAG is seeking a bright, driven, team-oriented professional to support its efforts in the Transportation Division. MAG is a vibrant, dynamic work environment with a variety of activities. The ideal candidate will have a broad range of transportation, transit, and multimodal experience and knowledge. Responsibilities will include working as part of a professional team to discuss, plan, generate and support multimodal transportation planning activities for a diversity of surface transportation efforts for the region. These activities are undertaken with an emphasis on high quality work, close internal communication, and providing a benefit to MAG member agencies and partners.

### **The Candidate**

Knowledge, Skills and Abilities:

- Knowledge and experience in multimodal transportation planning, with a keen interest and expertise in transit
- Ability to analyze and interpret guidelines, procedures and governmental manuals
- Ability to conduct research, studies and analysis as it pertains to the issues independently and as part of a team
- Familiarity with transportation, engineering, and planning documents
- Ability to research and analyze data, policy and regulations to prepare reports and supporting materials
- Proficiency in problem solving and exemplary critical thinking skills
- Familiarity with data visualization techniques
- Working knowledge of federal and state standards and guidelines
- Strong work ethic and desire to be a part of a high performance environment
- Strong oral, written and interpersonal skills
- Excellent organizational skills and attention to detail
- Proficiency in public speaking
- Strong analytical and project management skills

Technology Skills:

- Proficiency in Microsoft Windows, including Microsoft Office 2007 or newer
- Working knowledge of TransCAD as well as geographic information system and visualization/communication software is preferred

Experience and Education

A Bachelor's degree in urban planning, civil engineering, or related field with a minimum of at least three (3) to five (5) years of experience in transportation planning or engineering is required. A Master's degree is preferred. Transit and/or multi-modal focused experience is desired.

### **To Apply**

To be considered, applicants must submit a cover letter, resume, and completed, signed MAG application through the online portal at: <http://azmag.gov/Jobs-RFPs-RFQs/Jobs-at-MAG>

The voluntary, confidential Equal Employment Opportunity, Applicants' Invitation to Self-Identify-Veteran Status, and Voluntary Self-Identification of Disability forms are appreciated for applicant tracking purposes.
